Buttons: Add Concert, Delete Concerts, Blow It All Away

Footer: Add Band | Find Band | Delete Band | Dump Concerts | 1 of 42

← type description here

↑ to delete one concert, click on it once - ~~#~~
 to delete all concerts for this band ~~#~~ click the button once (it asks first to make sure)

once click to clear all concerts for all bands

↑ Click here once to add a band. It will ask you for band name
 - Enter it as you want it to appear.
 - For individuals, enter name as Lastname, Firstname so it will alphabetize correctly

↑ click to find a band.
 - hit return for next find
 - enter one character (eg. a) takes you to beginning of A's

you don't need to enter the whole band name
 - eg. Dead would find Dead Milkmen Grateful Dead etc.

↑ ↑ prev. next band
 - hold mouse down to skim through

click here once if you want to dump the mag. text
 - it takes you to the concert Dump Card

The ' is stripped from start of name if you type it except special case "The The"

click once to load process
but ask me first.

This card actually does the dump of info to disk files.
It will ~~dump~~ dump 2 months starting with the month
you choose as 'Start Month'

Click once to dump lists - this can take a while
~~especially~~ especially if you have a lots of concerts entered.
The message box appears & the band it is working on is
shown - Bands are processed ~~of~~ alphabetically so you can
tell how far along it is.
After band dump it ~~then~~ does city dump - displays city
it is working on in message box
- when it is finished it will ask you for file to write
the data to.
